MR. SWEETEN: Objection to the question. You're asking him to reveal thoughts and opinions about what was considered in formulating this legislation. It also calls for speculation.

So I'm going to instruct you, if you can answer based upon your own personal knowledge, but I don't want you to reveal any communications between any of the categories that we've been discussing today.

A. In the committee and on the House floor, there were. I believe, a few other forms of identification that were discussed and brought up as a --

MR. SWEETEN: Let me be clear also. To the extent -- and I want to be consistent that this --I'm not including in this instruction matters of public record, including committee hearings or House Floor debates, so that is not included in that instruction.

- Q. (By Ms. Westfall) My question is limited to the time when the House received SB 14, to the time the committee considered it.
 - A. Okay.

but don't reveal any -- you're not to reveal your thought process or any communications surrounding that issue. Go ahead.

MS. WESTFALL: So just to be clear, you're directing him not to answer as to communications he had with Representative Harless, other staff, other legislators regarding expired forms of ID?

MR. SWEETEN: Yeah. I'm absolutely instructing him not to answer with respect to the conversations that he's had with any of those individuals or any of them that I've named. And so I guess to the extent that you can answer her question without revealing that information, you can do so.

- A. The -- the issue of expired licenses, that -yes, that was something that was -- I thought of.

- A. Well, some expired are, I mean, past 60 days. Sorry to interrupt.

MR. SWEETEN: Hold on a second. I'm going to object. I think to the extent that this requires him to reveal thoughts and opinions about legislation or in furtherance of the legislative process, I think that this is potentially legislatively privileged.

MR. SWEETEN: Don't answer as to Harless's 5 position. We're not here to answer on what Harless's 6 position is. That's legislatively privileged. So don't

answer that question.

THE WITNESS: Okay. Q. (By Ms. Westfall) Turning your attention back to SB 14, can you tell me how the -- how it came to be included, the license to carry a concealed handgun, why was that a form of acceptable ID?

MR. SWEETEN: Hold on. You're asking about the thought process of the development of this legislation. This witness cannot provide that information. It's legislatively privileged for him to talk about any conversations he's had or the thought process or opinions about the legislation. So I think your -- your question invades the legislative privilege as phrased.

- Q. (By Ms. Westfall) Who were the persons who would know about the development and inclusion of that form of ID in SB 14?

MR. SWEETEN: Objection. It assumes facts not in evidence, and I'm going to object to the extent that it would implicate any sort of communications you've had with any legislative staff or any other enumerated areas.

- Q. (By MS. WESTFALL) So can you not testify --
- A. No.

 - A. I cannot testify based on advice from counsel.
- Q. Besides the talking points we've discussed, did you have meetings with Representative Harless to prepare her for Floor consideration of SB 14?

MR. SWEETEN: Don't reveal -- in answering that question, you would be revealing the substance of communications; therefore, I don't want you to do that. If she wants to ask whether you've had meetings with Representative Harless prior to a Floor appearance, that's a different question. But don't reveal the substance of the communication. - A. There is a document in existence.

MS. WESTFALL: And for the record,
Mr. Sweeten, what did the talking points say?
MR. SWEETEN: No. We're not going to

between Mr. Beuck and Representative Harless.

Q. (By MS. WESTFALL) Did you prepare Representative Harless for questions she might receive on the Floor during consideration of SB 14?

 - A. Yes.
- Q. Did you have this meeting in her office?
 - A. Yes.
 - Q. Did Representative Harless review any documents, besides the talking points we talked about,

before she engaged in the Floor consideration of SB 14?

MR. SWEETEN: Yeah. The question is a yes-or-no question. I'm going to let you answer that,

Q. (By MS. WESTFALL) Are you aware at any time during consideration of SB 46 of any legislators or their staff making any statements about illegal aliens votina?

MR. SWEETEN: I'm going to object to the extent that the question calls for you to reveal communications between legislators, legislative staff, state agencies, the TLC or constituents. Don't reveal any of those communications. To the extent that you can do so based upon the public record, on matters not implicated by that, then you can go ahead and try to

MR. SWEETEN: Again, don't reveal legislatively-privileged information, which are the categories that we've discussed. To the extent that you 240

In addition, I'm going to instruct you as I previously have: Do not reveal communications that you have had with Representative Harless, staff members, state agencies, constituents or TLC. Let me also tell you that if you've got information as to that question based upon the public record, you can go ahead and try to answer her question.

THE WITNESS: Okay.

MS. WESTFALL: And to be clear,

Mr. Sweeten, I'm asking about communications from members of the public, groups, interest groups that were communications to Representative Harless or Mr. Beuck.

MR. SWEETEN: Again, as to constituent communications, we've held that there is a privilege as to that information, so...

THE WITNESS: Okay.

MS. WESTFALL: Therefore, you're instructing him not to answer if he received those communications; is that correct?

MS. WESTFALL: I understand that. The question's not improper. It's relevant. It's within Rule 26. You're asserting a privilege. You can instruct your witness not to answer. That's how we've been operating today.

MR. SWEETEN: Okay. He's answered the question I think you asked. I'm not going to let him reveal substance of the communication. I've been very clear about that.
